

Arctic Tie

Model # 17000

Note: *Misty Mate recommends that you pre-wash (with warm water and soap) and allow the unit to dry completely before the first use in order to prevent the material from bleeding.*

Directions:

- Submerge the Arctic Tie in a bowl of cold water for 3- 5 minutes in order to ensure maximum absorbency.
- Remove the Arctic Tie from the bowl and lightly squeeze out any excess water – do not twist or wring. Distribute the cooling crystals evenly throughout.
- Wrap the Arctic Tie around your neck for most effective cooling. Note: For prolonged use, repeat steps every 1- 2 hours.

CAUTION: IN THE EVENT THE PRODUCT TEARS OR BREAKS,
PLEASE DISPOSE. DO NOT INGEST.

Cover: 100% Cotton

Fill: Acroleic Acid, Washing Soda, Acrylamide (polyacrylamide), NN – Methy-lene – Bis – Acrylamide, Potassium Persulfate, Hydrosulfite of Sodium
